Comments:	
<p>“Discussing training in Trauma-Informed Care with Four Oaks, ... not currently set up. Four Oaks staff did do an introductory training (2 hrs) for staff a couple of years ago.”</p> <p>“Help with contract writing, and policies”</p> <p>“We serve primarily individuals with special needs and there is not much training ... times and cost of trainings are also an issue for us in getting staff trained”</p> <p>“T.E.A.C.H. is helping me with ECE degree”</p> <p>“Nutrition training is difficult because I’ve done care 25+ years repeating and repeating topics is a waste of time... with all the interesting new foods I would love info on how to prepare and nutrition info.”</p>	

What is your #1 Concern or Greatest Need? (30 responses)	
Operational:	13 comments
Emergency Preparedness due to extreme weather, terrorism, etc.	Keeping up with paperwork
Assistance with DHS with disagreements	Balancing work and time
More support less judgment from DHS	Trying to keep up with paperwork (guilt with time off)
Being able to afford to hire a reliable helper – to provide up to cap.	Staying full
Grant money for supplies	Affordable current toys and equipment
Break even – no real paycheck	To Keep my numbers of kids I watch at the highest number
Finding time to do all the things I want to do for my business-paperwork for QRS, Accreditation, etc.
